

# LIF MEMBERSHIP APPLICATION FORM

It is important that the name of LIF be associated with integrity, ethics, and values that support the public good. LIF membership associates a Nonprofit Organization with being legitimate, active, and ethical. For this reason, the approval process is more extensive than many associations. However, once you or your organization is approved, you join a special family of organizations.

## LIF Code of Ethical Principles and Standards

### ETHICAL PRINCIPLES • Adopted 2015

The Land Integrity Foundation (LIF) exists to foster the development and growth small to mid-size oil and gas companies who are struggling with their License liability rating (LLR). LIF Successfully design defensible well based assessments and risk management plans initially in the province of Alberta. With the steady decline of oil prices and the uncertainty in the market, many small to mid-sized operators may not exist in the upcoming year or years.

Members of LIF are motivated by an inner drive to improve the quality and growth of companies through the causes they serve. They serve the ideal of philanthropy, are committed to the preservation and enhancement of volunteerism; and hold stewardship of these concepts as the overriding direction of their professional life. They recognize their responsibility to ensure that needed resources are vigorously and ethically sought and that the intent of the donor is honestly fulfilled. To these ends, LIF members, both individual and business, embrace certain values that they strive to uphold in performing their responsibilities for generating philanthropic support. LIF business members strive to promote and protect the work and mission of their client organizations.
